

High School

The Online High School process works like this:

Click the "Enroll Now" tab to Complete Application for Admissions

Pay the Enrollment and testing fees utilizing a debit or credit card.

Take the test, and upon completion click the "Submit" tab for the test to be graded.

Results are given immediately.

Fax or mail a copy of your picture ID or birth certificate to complete your file.

The test covers the subjects of Language Arts, Writing Skills, Social Studies, Science and Mathematics. If you successfully pass the exam, your high school diploma will be mailed out to you within 10 business days. You will now have the credentials necessary for most jobs, acceptance into college or technical school and other career opportunities. Please be advised that some branches of the military and some colleges (usually state funded colleges or universities) may not accept correspondence school diplomas. It is your responsibility to determine the suitability of this program for your needs.

If you are unsuccessful passing the exam the first time, you will have the ability to re–test. This can be taken immediately however we recommend 10 days after the original test was dated to allow time for additional review and study. For your convenience Ellenwood Academy offers GED Prep Classes to help you prepare to re–test via our Online Programs tab. The re–test fee is \$50.00 and is good for 1 additional attempt.
